## ***Maetrics Announces Ed Roach as Managing Director***

Indianapolis (1/14/2016) Maetrics, a global management consulting firm providing life science companies with deep quality, compliance, regulatory solutions, recently named Ed Roach as Managing Director. In this role, Mr. Roach will lead engagement strategies and solutions delivery for Maetrics clients as well as provide oversight to managing key client relationships.

Mr. Roach brings nearly 20 years in the life sciences industry delivering compliance and quality consulting engagements to medical device, pharmaceutical and biologic clients. Mr. Roach has in-depth technical knowledge of Quality Systems and Quality Assurance, Validation, Corrective and Preventive Actions (CAPA), Root Cause Investigation, Change Management and 483/Warning Letter Remediation. Ed returns to Maetrics after working as the Director of Compliance and Validation for a recognized engineering firm.

“Ed possesses significant compliance and quality consulting expertise along with a passion for serving clients that makes him exemplary for this role,” said Steve Cottrell, President of Maetrics. “Having Ed return and bringing his excellent skill and leadership to the team will help us enhance the service we provide to each of our clients.”

Mr. Roach earned a Bachelor of Science degree from Miami University in Biological Sciences and has been actively involved with the American Society for Quality (ASQ) and the Indiana Medical Device Manufacturers Council (IMDMC).

### **About Maetrics**

Founded in 1984, Maetrics is a global consulting firm dedicated to guiding life sciences companies through the challenges related to quality, regulatory, and compliance. Our comprehensive solutions allow clients to reach new efficiencies and achieve compliance objectives.
